Union Pacific Rallinoad Company.

Union Pacific Rallinoad Company.

The under-signed are prepared to receive the income-bonds of the Union Pacific Rallinoad Company in exchange for the new sinking und mortgage bonds, giving \$8,00 of the oil. The new bonds bear interest at 8 per cents currency, or 7 per cent sterling, at the obtion of the holder, and are seenred by a mortgage of the road, its equipment and franchise, subject to the other of the holder, and are seenred by a mortgage of the road, its equipment and franchise, subject to the first mortgage and the government lieu; also by a second mortgage upon the land and by the operation of the sinking itud.

The limit und bonds usued and outstarding shall annually be drawn by lot and redeemed in possible ternus to the income bondboider, the directors have also determined to make a cash adjustment of the first payment of interest, so that the bondboider shall receive for the first maturing coupon upon the new bonds (due September 1 next) precisely the same interest that he would be entitled to receive on the corresponding coupon the income bonds. This proposition may be more intelligible if stated as follows:—

Five income bonds will draw, as interest, on the 1st of September.

250 Six sinking fand bonds will draw, as interest, on the 1st of September.

rency at time of exchange. From this statement, owners of any number more or less than five can readily cateulate what they will receive by the exchange.

The directors consider the new sinking fund bond so destrable in point of security, rate of interest and possibility of early redemption at par, through purchases for the sinking fund, that they have already exchanged the large amount of incomes which they personally owned on these terms. These exchanges, in conjunction with those of other large holders, amount to nearly three millions. These terms will remain open for acceptance until otherwise ordered by the company.
